

MAZDA CX-5

We explore cities and winding country roads.

Corners hugged and throttles revved.

Windows down, radio loud, no particular place to go.

Always forward, defying the wind.

I am the embodiment of Jinba Ittai.

You, the heart behind the wheel.

We were always meant to connect,

like a horse and rider,

car and driver as one.

Together, we are stronger.

We have a bond that words alone cannot describe.

We never drive alone.

We drive together.

AWAKEN THE DRIVER IN YOU

When you drive a Mazda you never drive alone. This feeling of togetherness is something we call Jinba Ittai and it runs deep in Mazda CX-5. Superior craftsmanship and innovative Skyactiv Technology enhance driving pleasure, building an enduring relationship between car and driver. The outstanding exterior and interior design will awaken the driver in you every time you see it. It's the Mazda Way.

DESIGN

FROM OUR HANDS INTO YOURS

Mazda's exquisite Kodo: Soul of Motion design evokes great beauty, sophistication and strength in Mazda CX-5. Created by Mazda master craftsmen and designers, who carve designs out of clay to sculpt and breathe life into each line and curve. The result is an elegant form that conveys a sense of speed and refined toughness that befits an SUV. Its stirring presence is endorsed by the craft of Takumi-Nuri, Mazda's high-quality painting technology which makes Kodo design come alive, reflecting light and shadows off of every line. Utilising a three-layer structure, this technology has been designed to provide the impression of a hand painted concept car with exceptional vividness and depth. This is why both our Soul Red Crystal and Machine Grey premium colours are so striking and pleasing to the eye.

A TRUE DRIVING EXPERIENCE

Engineered and crafted with upmost care to the tiniest detail, the Mazda CX-5 is designed to make an impression. Attention to the smallest design details can be found within the Signature LED headlights and rear tail lamps, down to the uniquely designed alloy wheels. The modern and sculpted interior provides a cabin that has been designed around the driver, providing a place that is comfortable and secure, where all controls fall easily to hand ensuring your drive is intuitive and relaxing. High quality materials are used throughout the cabin from cool-to-the-touch Satin-chrome trim, to the feel of soft quality leather on the steering wheel. The supportive yet supple seats provide the driver and passengers with the comfort they need to feel revitalised even after long journeys making the Mazda CX-5 a place you want to be.

TECHNOLOGY

BE IN CHARGE

Keeping you connected to your world while keeping your eyes focused on the road, the intuitive MZD-Connect infotainment system has been enhanced with available Apple CarPlay™ and Android Auto™ integration in Mazda CX-5. Access your phone's maps, playlists, contacts and compatible apps, along with voice commands and safely check and reply to text messages, even keep up-to-date with Facebook® and Twitter®*. You can also enjoy listening to your favourite radio stations via DAB radio or stream your choice of music via Bluetooth® connection*. All safely controlled using the 7" colour touch-screen display and the intuitive Multimedia Commander.

* With compatible mobile device. Data usage and costs will vary. For further information please refer to the infotainment specification table.

Human Centric Cockpit

Crafted to the tiniest detail and built around the driver with premium quality materials, the cockpit is designed for the ultimate driving experience. On GT Sport Nav+ models, features such as the Nappa Leather seats, real wood trim on the dashboard and doors, black roof lining and white interior LED illumination all add to the opulence of the cabin.

Multimedia Commander

Located between the driver and front passenger, the Multimedia Commander allows you to operate the infotainment and connectivity system with minimal effort, including a separate volume dial for easy adjustment. You can also easily access and control the Apple CarPlay™ or Android Auto™ app.

Power Liftgate

For automatic opening/closing of the boot. You can open and close remotely using the button placed on the dashboard or on your key. The system includes sensors that ensure the lift gate stops closing in event of an obstruction as well as a button on the exterior to open the boot just by fingertip. (Standard on Sport Nav+ & GT Sport Nav+ models)

7" Colour Touch-Screen Display

A large 7" Colour touch-screen display coupled with the intuitive Multimedia Commander, provides you with safe and easy fingertip access to all vehicle information, settings, navigation and entertainment.

SKYACTIV TECHNOLOGY

Skyactiv Technology is all about making driving more fun, embracing all elements - engines, transmissions, chassis and body - it's an approach that completely reimagines the car from the ground up. This generation of Mazda CX-5 is our most technologically advanced yet, featuring a range of advanced safety systems such as Mazda Radar Cruise Control, Lane Keep Assist with Lane Departure Warning System and Advanced Smart City Brake Support. When it comes to extra reassurance, Mazda's i-Activ All-Wheel Drive system monitors the road conditions and precisely measures the speed of all four wheels. When it detects warning signs that indicate the front wheels may be in danger of slipping, just enough torque is sent to the rear wheels to add traction, helping you to get to your destination safely. All elements of Skyactiv Technology combine to deliver a unique mix of driving pleasure, balanced with outstanding environmental and safety performance.

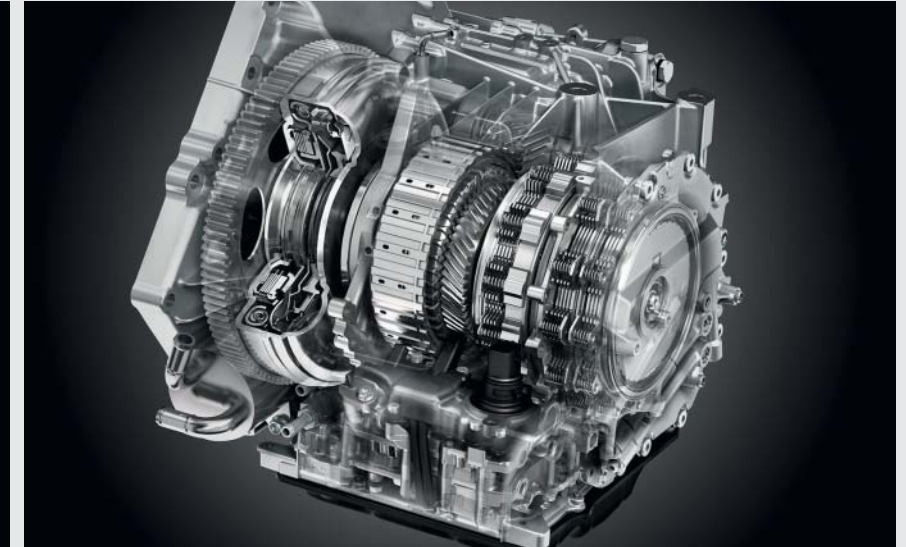

SKYACTIV BODY AND CHASSIS Improved lightweight chassis and body for greater ride comfort and security.

Model shown is Mazda CX-5 165ps 2WD GT Sport Nav+ with optional Soul Red Crystal Metallic paint available at additional cost.

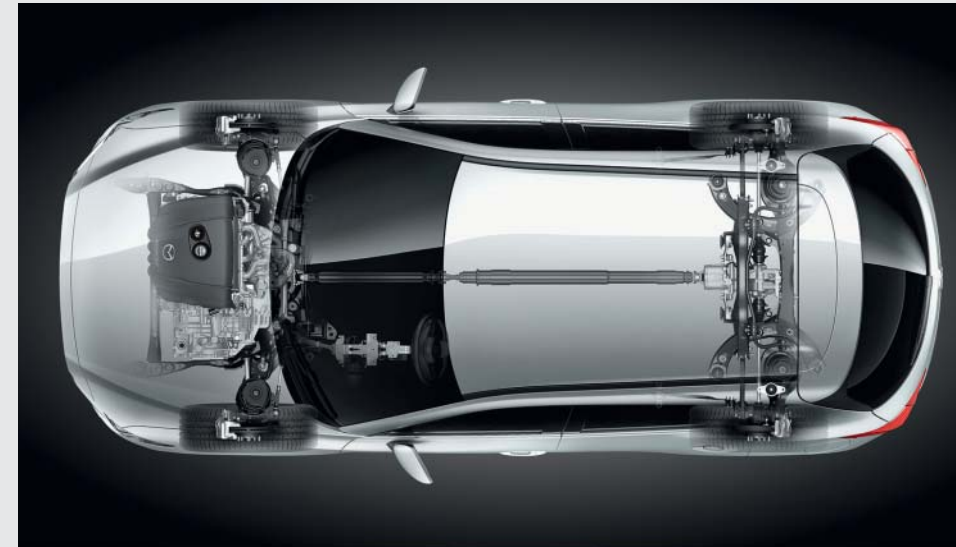

Skyactiv engines

Choose the acclaimed 2.0 Skyactiv-G petrol engine available in 165ps offering a responsive and refined drive. Or for greater torque and fuel economy, choose the equally impressive 2.2 Skyactiv-D clean diesel engine, available with either 150ps or 184ps power outputs.

Skyactiv-Drive and Skyactiv-MT transmission

Supporting driving pleasure, the six-speed Skyactiv-Drive automatic transmission responds instantly providing a smooth drive, whilst the six-speed Skyactiv-MT manual transmission offers a crisp and responsive shift reminiscent of the legendary Mazda MX-5.

i-Activ All-Wheel Drive

Whether you are on the motorway on a dark and rainy night or driving up a snowy mountain road, Mazda's i-Activ All-Wheel Drive system uses 27 sensors that continually check road conditions 200 times every second, helping you to reach your destination safely.

Skyactiv-Body and chassis

The Mazda CX-5's Skyactiv-Body is designed to be one of the safest and lightest in its class, while enhancements to the suspension, insulation and Skyactiv-Chassis add to a quieter, more refined and comfortable drive.

IT'S ALL ABOUT THE DRIVER

Mazda CX-5 contains an array of i-Activsense safety technologies that are designed to help you connect with your car and enjoy the drive. A collection of sensors and cameras monitor your surroundings and provide protection when you need it most, resulting in a more relaxed and intuitive driving experience. This is one of the many reasons why Mazda CX-5 is such a pleasure to drive, providing you with complete confidence and peace of mind every time you sit behind the wheel.

5 star rated by the European New Car Assessment Programme. NCAP is a European car safety performance assessment programme which uses safety rankings where 5 is the highest.

MODEL SHOWN IS MAZDA CX-5 165PS 2WD SPORT NAV+ WITH OPTIONAL SOUL RED CRYSTAL METALLIC PAINT AVAILABLE AT ADDITIONAL COST.

ADVANCED SAFETY TECHNOLOGY

Engineered from the ground up, the Mazda CX-5 provides comprehensive all-round protection for you and your passengers. An array of active safety systems work together to warn you of impending dangers, meaning less chance of a collision. Whilst the front, side and curtain airbags combined with a rigid Skyactiv-body, provide outstanding crash protection ensuring that you and your passengers remain safe.

Lane-keep Assist System

Lane-keep Assist is designed to prevent your vehicle from inadvertently straying from its lane. A front-view camera monitors the road ahead and calculates the car's position relative to the lane markings. If the system detects the vehicle is moving out of its lane unintentionally, the steering wheel will vibrate and an audible alert will sound, then the system will also take corrective action to help you stay within your lane through assisted steering.

Adaptive LED Headlights

Designed to work at night, the system automatically analyses vehicles ahead or those approaching in the opposite direction, automatically interchanging between high and low beams by switching individual LED bulbs on and off as necessary. This makes it possible to drive with the high beam on at all times, significantly improving visibility when driving at night, without dazzling other drivers.*

Mazda Radar Cruise Control (MRCC)

MRCC is an adaptive cruise control system. To activate, the driver sets a maximum speed (just as with cruise control) and size of gap to maintain. The radar then watches for traffic ahead, and once the system senses a vehicle in front, the car will slow down and speed up automatically, maintaining the drivers pre-set distance.

Stop & Go

Automatic models also have the additional feature of 'Stop & Go', meaning the vehicle will automatically accelerate and brake in stop/start traffic with minimal input from the driver.

Blind Spot Monitoring

Warns you of a vehicle entering a detection zone situated up to 50 meters behind, by activating a door-mirror mounted warning light on the relevant side of the vehicle. If you then indicate prior to turning in that direction, the warning light flashes and an audible alert sounds. Working at speeds as low as 20mph, this system can prevent drivers from moving into the path of a following vehicle.

Rear Cross Traffic Alert

Designed for when the vehicle is reversing, an alarm alerts you of any vehicles or obstacles approaching from either side of the rear of the car, and silences once the area is clear.

Advanced Smart City Brake Support

Designed to help avoid or minimise the effects of collisions at speeds up to approximately 50mph. The forward-facing camera and laser-based system continually monitors the gap and closing speed of the vehicle in front, and applies the brake if a collision is likely. The Smart Brake Support system alerts the driver of a possible collision using a display and warning sound. If the system determines that a collision is unavoidable, the automatic brake control is performed to reduce damage in the event of a collision.

*Standard on GT Sport Nav+ models, or part of the optional Safety Pack available on Sport Nav+ models at additional cost.

CHOICES

SE - L NAV +

STANDARD FEATURES:

- 17" Grey Metallic alloy wheels
 - LED headlights including LED daytime running lights
 - LED front fog lights
 - Adaptive Front lighting System
 - Dusk-sensing lights
 - Rain-sensing front wipers
 - Heated, auto power-folding door mirrors
 - Front and rear parking sensors
 - Black cloth seat trim
 - Driver and front passenger seat height adjustment
 - Rear seat recline
 - Leather-wrapped steering wheel and gear knob
 - 40/20/40 fold flat rear seats
 - Electronic parking brake w/Auto Hold
- Front and rear electric windows
 - Dual-zone climate control air-conditioning incl. 2 rear air vents
 - Engine start / stop button
 - 7" Colour touch-screen display and Multimedia Commander
 - Internet app integration for internet radio, Facebook® and Twitter®*
 - Integrated Bluetooth®
 - Apple CarPlay™ and Android Auto™
 - AM / FM / DAB radio with 6 speakers and single CD player
 - Auxiliary (AUX) and 4 USB inputs (2 front and 2 rear)
 - Steering wheel-mounted audio controls
- Integrated navigation system with 3-years free European map updates
 - Advanced Smart City Brake Support
 - Driver and passenger front, side and curtain airbags
 - Dynamic Stability Control and Traction Control System
 - Hill Launch Assist
 - ISOFIX child seat anchorages
 - Auto Door Locking
 - Mazda Radar Cruise Control (MRCC)**
 - Blind Spot Monitoring with Rear Cross Traffic Alert
 - High Beam Control
 - Lane Departure Warning
 - Lane Keep Assist

OPTIONS:

- Metallic / Mica / Pearlescent paint

Human-Centric Vehicle Design

The Mazda CX-5's cabin has been crafted to provide a clean design, free of clutter whilst superior noise insulation shields you from unnecessary distractions helping to lower stress and fatigue. SE-L Nav+ models feature high quality materials incorporated throughout the interior, along with an unparalleled array of technology befitting a modern SUV.

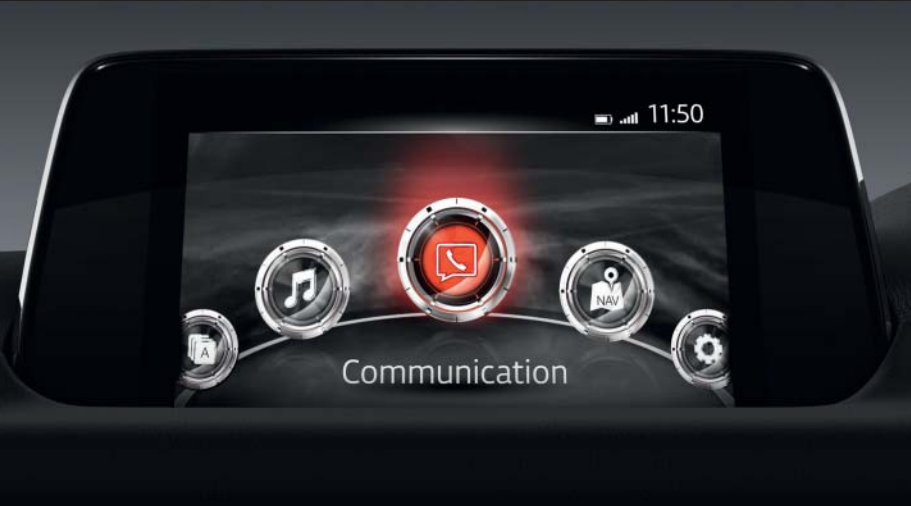

*with compatible mobile device. Data usage and costs will vary.
For further information please refer to the infotainment specification table.
**Stop & Go functionality in combination with MRCC only available on automatic models

Dual-zone Climate Control

Ensures that both driver and passenger ride in comfort with individual climate controlled zones, so you can instantly set it just the way you like it.

7" Colour touch-screen display

A large 7" colour touch-screen display coupled with the intuitive Multimedia Commander, provides you with safe and easy fingertip access to all vehicle information, settings, navigation and entertainment.

SPORT NAV+

IN ADDITION TO SE-L NAV+ GRADE:

- 19" Silver alloy wheels
- Reversing camera
- Power Liftgate
- Black leather seat trim
- 8-way power adjustable driver seat with memory
- Power driver lumbar adjustment
- 6-way power adjustable front passenger seat
- Heated front seats (3-stage settings)
- Heated steering wheel
- Windscreen projected colour Active Driving Display with memory
- Traffic Sign Recognition
- Smart keyless entry system
- Wiper de-icer
- Premium Bose® sound system with ten speakers
- Power tilt and slide sunroof (on 165ps and 184ps models only)

OPTIONS:

- Metallic / Mica / Pearlescent paint
- Stone Leather seat trim*
- Safety Pack (Adaptive LED Headlights, Driver Attention Alert, Rear Smart City Brake Support, 360° View Monitor)

*Only available in combination with Safety Pack

Comfort & Convenience

Sport Nav+ models feature Smart keyless entry, allowing you to open the door whilst the key is still in your pocket or bag. Open the door and find your perfect driving position using the electrically powered front seats trimmed in leather. The front seats and steering wheel can be heated at the push of a button on those chillier days, whilst the front windscreen features a wiper de-icer on those even frostier ones. (Image features Stone Leather trim, only available in combination with Safety Pack on Sport Nav+ models)

Windscreen-projected Active Driving Display

The colour Active Driving Display projects essential driver information including speed, turn-by-turn navigation and traffic signs onto the windscreen closer to the drivers' field of vision, meaning you can safely focus on the road ahead.

Premium Bose® Sound System

The sensational Bose® Centerpoint® surround-sound system was specifically designed for the Mazda CX-5, with 10 precisely positioned speakers that create clear, harmonic sounds to keep you entertained on the drive.

GT SPORT NAV+

IN ADDITION TO SPORT NAV+ GRADE:

- 19" Bright alloy wheels
 - Power tilt and slide sunroof
 - Nappa leather
 - Upgraded steering wheel trim
 - Front seat ventilation
 - Heated rear seats (outer seats)
 - Real wood interior detailing
 - Frameless auto dimming rear-view mirror
 - LED white illumination interior lighting
 - Black roof lining
- Colour 7-inch TFT display (provides speed, traffic sign and Mazda Radar Cruise Control information)
 - Adaptive LED Headlights
 - Driver Attention Alert
 - Rear Smart City Brake Support
 - 360° View Monitor (front, rear and side cameras)

OPTIONS:

- Metallic / Mica / Pearlescent paint

Luxury as standard

Open the door of the GT Sport Nav+ and take a seat in the luxuriously trimmed soft Nappa leather seats. Every detail, line and curve of the interior has been designed by Japanese Master Craftsmen to stimulate the senses. The look of wood that adorns the dashboard and doors, complimented by the uniquely stitched leather bound steering wheel in your hands ensures that the cabin is always a special place to be.

360° View Monitor

Using cameras positioned on the front, sides and rear of the vehicle, this system shows you the area around the car on the 7" colour touch-screen display. Helping you to view potential hazards that are out of sight.

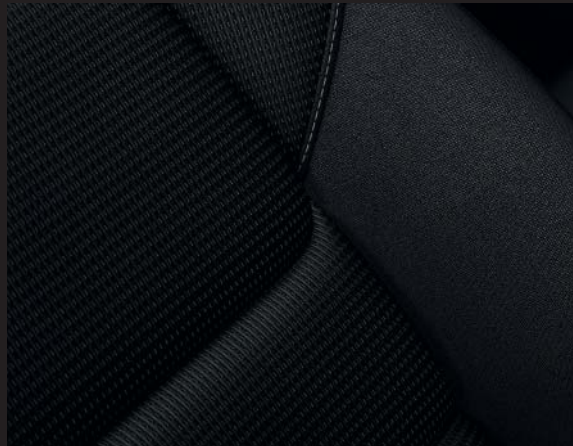

Heated and ventilated front seats

Taking comfort to a higher level, GT Sport Nav+ models feature heated and ventilated front seats, coupled with heated rear outer seats, all trimmed in soft and luxurious Nappa Leather.

OUR COMMITMENT TO YOU AND YOUR MAZDA

My Mazda App

Designed exclusively for Mazda owners, it provides you with access to important vehicle information, as well as being able to locate your nearest Mazda dealer and track your vehicle service history.

Service and Warranties

Just like the cars themselves, the services we offer are designed to provide you with a first-class ownership experience. Every new vehicle is covered by a 3-year warranty for up to 60,000 miles, including a 3-year paintwork warranty, and a 12-year perforation warranty. We also offer Extended Warranties to extend the cover for your Mazda. Mazda Roadside Assistance offers cover in the event you require breakdown assistance, your vehicle is stolen or is involved in an accident.

The maximum service interval for your Mazda is 12,500 miles or 12 months whichever occurs first, however, the servicing intervals may reduce based on the style of driving and the conditions under which your vehicle is operated.

Free Mazda Accident Aftercare

Mazda Accident Aftercare is designed to assist you following a road traffic accident. Call Mazda First after an accident and they will liaise directly with your insurer to process the claim and ensure that your vehicle is repaired at a Mazda approved bodyshop using only genuine Mazda parts. Additional benefits include providing you with a free courtesy car and maintaining your Mazda warranties.

Our commitment to you and your Mazda

Mazda makes cars that excite, look beautiful, are fun to drive and make you want to drive them again and again. We are passionate about delivering complete motoring confidence and a first-rate ownership experience.

Finance

As well as vehicle warranty and service plans, we offer finance packages to help ensure a rewarding ownership experience. Mazda Financial Services provides a variety of finance products to suit the needs of both private and business customers.

What you can expect from Mazda Financial Services:

- Assistance in renewing your car. We'll help you choose the right finance package to enable you to renew your Mazda as often as you would like.
- Fixed Interest Rates. The interest rate on your loan is fixed for the duration of the agreement
- Flexible terms tailored to your motoring needs. As specialists in Mazda vehicles, we aim to tailor a finance package to both your budget and your motoring and ownership needs.

Please ask your Sales Executive for a tailor-made finance quote for your new car.

Mazda Financial Services finance plans:

Mazda Conditional Sale:

The traditional way of buying your car. Mazda Conditional Sale is a simple way of financing that provides you with certainty due to a fixed interest rate and fixed monthly repayments throughout the agreement. Your initial deposit and repayment period can be structured to help meet your budget and the length of time you expect to keep the car. You can trade in your existing vehicle and put this towards the initial deposit, or if you wish, just put down a cash deposit. At the end of your contract, when all repayments have been made, the car is yours.

Mazda Personal Contract Purchase:

The finance plan that helps you change your Mazda at more regular intervals. Personal Contract Purchase is similar to a Conditional Sale agreement but with additional flexibility since part of the vehicle cost is deferred until the end of the agreement which may give you the benefit of lower monthly repayments. The deferred amount is known as the Guaranteed Future Value or Optional Final Payment.

At the end of your contract, when all repayments have been made, you then have three options:

- Renew: Choose another Mazda. Use any excess value above the Optional Final Payment towards a deposit for another Mazda. You can trade in your car at any time or sell it privately having settled your account
- Retain: Keep the car. Simply pay the Optional Final Payment, and the car is yours
- Return your car: There's nothing more to pay if the car's in good condition and within the agreed mileage

Mazda Contract Hire

Mazda Financial Services Contract Hire offers low running costs with market driven residuals, resulting in extremely competitive costs for businesses and individuals. To find out more about the benefits of Mazda Financial Services Contract Hire, please speak to your Mazda dealer or visit www.mazda.co.uk.

Finance subject to status. Terms and conditions apply. 18s and over. Guarantee may be required. Mazda Financial Services RH1 1SR.

Customer Experience

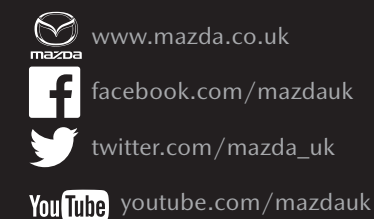

Start your journey with Mazda using the Configurator on the Mazda website. It lets you customise a digital vehicle, letting you choose from a selection of engines, trims, exterior colours and accessories. Discover the benefits of becoming part of the community that defies convention with My Mazda - the online home for all Mazda owners. The service lets you view and update your personal information using the Mazda Digital Service Record (DSR), which provides security against counterfeit service documents and guarantees a secure, accurate and permanent service history for the life of the vehicle. You can also explore Facebook, Twitter and YouTube for even more Mazda related material. Whatever journey you take with Mazda, we'll make sure it's a unique and gratifying experience.

Skyactiv Technology – helping you stay efficient

We develop exciting cars that are fun to drive, and we are equally committed to the environment for the creation of a sustainable future for all. Our ongoing sustainability programmes are dedicated to the development of clean technologies. Our Skyactiv Technology range includes engines, transmissions, chassis and body designs, which deliver fuel-efficient driving. Our engines deliver the perfect combination of performance and improved driving economy by being lighter and more fuel efficient than many of our competitors.
